Goal of the investment fund

Our goal is to enable all investors to achieve long-term appreciation of their funds through investments in premium commercial real estate. The fund promotes a conservative approach, careful selection of properties, and their active management, which represents clear added value.

Who Is the INVESTIKA Investment fund intended for?

- For those who want to invest in real estate in a simple and straightforward way, without the stress of management, financing, and tax obligations.
- For those seeking stable returns and the security of investments backed by real assets.
- For those looking for protection against inflation and aiming to invest over the long term.

Investment strategy

The fund invests in premium commercial real estate in attractive locations across six European countries. Properties are selected with an emphasis on quality and tenant creditworthiness, with lease agreements that ensure stable and predictable income for the fund.
